EDUCATION

臺灣科技大學｜設計研究所

National Taiwan University of Science and Technology Master's degree, Department of Design
2020 畢

輔仁大學｜應用美術系

Department of Applied Arts.Fu Jen Catholic University
1994 畢

SKILL

- User research
- Usability plan
- Information architechture
- Wireframe
- Prorotyping
- Interaction design
- Visual design
- HTML/css
- Git
- RWD
- Sketch
- Figma
- Zepline
- InVision

LEDDY YANG 楊舒絜

Collaborated with Product Development group to design and implement highly interactive applications.

EXPERIENCE

2021 ● HEMiDEMi Inc. – UI/UX designer

- Collaborate with Product Managers, Engineers, to design products from idea to launch.
- Develop clear and effective user interfaces to achieve both product and business goals.
- Maintain and define the visual and UX patterns for website to cultivate a consistent and intuitive experience.
- Web design and integration, program maintenance and modification.

2020 ● AD POST Inc. – UI/UX designer

- Involved in the architecture and development of the user experience.
- Execute user requirements gathering.
- Identify design problems and devise solutions.
- Translate concepts into wireframes, high–fidelity mockups, and prototypes.
- Develop modular design systems and information architectures.
- Develop storyboards, user flows, sitemaps.
- Communicate using design specs and logic to collaborate with engineers.
- Design original graphic user interface and create the UI kit for FE engineers.

2019 ● Myo Inc. – UI designer

- Transform complex business requirements into visually appealing and intuitive user interface designs.
- Illustrate design ideas using storyboards, process flows and high–level wireframes.
- Develop UI mockups and prototypes that clearly illustrate how pages function.
- Refine application visual styles and layouts.
- Design for modularity, adaptive framework, accessibility, and product expansion.

2017 ● Create beautiful, intuitive and friendly user interfaces for Web.

LEDDY YANG 楊舒絜

EXPERIENCE

2017 **Shuttle Inc. – GUI designer**

- Gather requirements in collaboration with product owners, project management office, UI designer, developers and testers.
- Interface visual style proposal to discuss and define product vision planning.
  Design graphic user interface GUI elements
- Complete the integration of the interface and generate relevant documents to RD.
  Work with RD during the integration process to ensure that the results of the
- integration are consistent with the design.

2015 **FreeLancer – Catear Design Studio**

- **Contract personnel**：Xpec樂陞科技、遠流出版社數位出版部
- **Client**：Asus、bonbon wedding、EverFocus、Hola、ISA永業保經、MangoResearc、Johnson、Koobe、Pegatron、Primax、Reallusion、SilverPac、Vega、Wedding Pass、宇峻奧汀、南一書局、超義科技、國立中興大學、資策會、歐森系統家具、建宏層析、聯合環球、誠新豆類齋、盈久科技
- **GUI design**
  Software interface design|icon design|smart phone
  APP interface design | tablet interface design
- **Web design**
  Web Architecture Planning|Programming|Webpage Integration Execution
- **Graphic design**
  Catalog Design | Poster Design | Description Introduction Design | Exhibition Marketing Design | Magazine Advertising

2007 **DCIDC Inc. – Senior designer**

- Website visual planning implementation.
- Web, Event, Bnner, Advertising and E–DM design.
- Company marketing activities, VI design, text design.

1994 **REALLUSION Inc. – Art Director**

- **Product development**
  Product interface user operation flow logic design
  Human–machine interface visualization and integration
  Product commercialization completed
2006 Userbility test design and discussion
